## WILL BEGIN TO-MORROW

Ash Wednesday, the First Day of Lent.

### BISHOP'S REGULATIONS

Issues Directions for Fasting and Prayer During the Forty Days—The Services to Be Held Here.

Ash Wednesday, the first day of Lent, the season of fasting and prayer, will be observed to-morrow in all the Catholic and Episcopal churches of the city.

The day will mark the beginning of the solemn Lenten period, which, particularly among the two religious bodies named, is regarded as one of the greatest and most important institutions of the church. From to-morrow up to Easter—forty days—there will be a cessation of worldly amusements of all sorts, and the church-going people will devote themselves to fasting and prayer. Services will be held daily in the churches.

**THE CATHOLICS.**  
Among the Catholics Lent is always an occasion of great solemnity. On to-morrow the churches will be crowded with those who go to have the cross made with ashes upon their foreheads. Thereafter each day several masses will be said and at stated times night services will be held. Special sermons will be preached. The Lenten regulations have just been prepared and issued by Bishop Van de Vyver. They are as follows:

#### REGULATIONS FOR LENT IN THE DIOCESE OF RICHMOND

I.

Ash Wednesday, the first day of Lent, falls this year on February 23d.

1. All the faithful who have completed their twenty-first year are, unless legitimately dispensed, bound to observe the fast of Lent.

2. They are to take but one meal a day, excepting Sundays.

3. The meal allowed on fast days is not to be taken until about noon.

4. A small refreshment, commonly called collation, is permitted in the evening.

5. The following persons are exempt from the obligation of fasting: Persons under twenty years of age; the sick; nursing women; those who are obliged to do hard labor and those who, through weakness, cannot fast without great prejudice to their health.

6. The faithful are reminded that besides the obligation of fasting imposed by the church, the holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sin, of seclusion from the world and its amusements and of generous almsgiving.

7. The Paschal time extends from the first Sunday in Lent until Trinity Sunday, during which time all Catholics who have attained a fitting age are bound to receive worthily the holy communion.

8. By virtue of an Indult to the United States, dated August 3, 1887, the following special dispensations are granted:

1. The use of flesh meats is permitted at all meals on Sundays, Thursdays and Saturdays, with the exception of the second and last Saturdays of Lent. But some warm liquid, as tea, coffee, or thin chocolate, made with water, and with this liquid a mouthful of bread.

2. Those for whom the hour of noon may be an inconvenient time for dinner, may invert the order and take their collation in the morning, and their dinner in the evening.

3. The use of hot lard, or dripping, instead of butter, is authorized in preparing permitted food.

4. Persons exempt from the obligation of fasting are free to take meat more than once on those days when its use is granted by dispensation.

II.

By virtue of an Indult granted to us by the Holy See, March 15th, 1905, we permit to all working men and their families the use of flesh meat once a day on all fast days and abstinence days throughout the year, with the exception of Fridays, Ash Wednesdays, the Wednesday and

Saturday of Holy Week, and the Eve of Christmas.

Those who avail themselves of this Indult are not allowed to use flesh meat and fish at the same meal, and they are earnestly exhorted to perform some other act of mortification, such as abstinence from intoxicating liquors.

III.

At the church of the Epiphany, in Barton Heights, services will be held to-morrow at 11 o'clock. Throughout Lent services will be held on Wednesdays at 8 P. M. and on Fridays at 4:30 P. M.

RT. REV. BISHOP. THE EPISCOPALIANS.

With the Episcopalians special union services will be held each day during Lent at 5 o'clock in the afternoon. The schedule is as follows:

Monday—St. Mark's.

Tuesday—Grace Church and Church of the Holy Comforter.

Wednesday—Holy Trinity and Monumental.

Thursday—St. Paul's.

Friday—St. James and St. John's.

Saturday—All Saints', St. Andrew's and Christ Church.

At the church of the Epiphany, in Barton Heights, services will be held to-morrow at 11 o'clock. Throughout Lent services will be held on Wednesdays at 8 P. M. and on Fridays at 4:30 P. M.

THE NEW STATIONS

Most Impressive Services at St. Mary's Sunday Night.

Impressive services were held at St. Mary's German Catholic Church Sunday night, when the new stations of the cross were blessed. Bishop Hall, of North Carolina, was present and presided. As a cross was placed on each station, the bishop made appropriate remarks and offered a prayer.

The stations come all the way from Germany, and are said to be among the most beautiful in the South. They represent the journey of Christ to Mt. Calvary.

BEST OF THEM ALL

Mr. Glass Completing Arrangements for School of Methods.

Arrangements for the School of Methods to be held next summer at Charlottesville have nearly been completed by Mr. E. C. Glass, the superintendent. Mr. Glass has gone to Cincinnati now on business relating to the summer school, and soon he will be in a position to announce the faculty. From what has already been done the coming session of the School of Methods promises to be far the best ever held.

RHEUMATISM

Rubbing with liniments, blistering, the application of plasters; in fact anything that will produce counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary.

Rheumatism is due to Uric Acid and other irritant poisons in the blood, and as it circulates through the system, these acid poisons are deposited in the muscles, joints and nerves, and exposure to night air, cold east winds, or any sudden change in the weather, will bring on an attack which may last for a few days or linger on for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, and they become stiff and sometimes immovable.

Rheumatism, with its sharp, cutting pains, can never be conquered until the acid blood has been cleansed and purified, and all irritating substances neutralized and filtered out of the system, and nothing does this so promptly and effectually as S. S. S. Under the purifying and tonic effects of this vegetable remedy the blood is made pure, the general health is rapidly built up and the sufferer obtains happy relief from the torturing, nagging pains of Rheumatism.

Get rid of Rheumatism before it makes you a nervous, peevish, crippled, or pain-racked invalid.

## GOOD TEAM IS ASSURED

A State Base-Ball League Is Soon to Be Organized.

### WILL TAKE IN FOUR TOWNS

'Squire Donati Already in Negotiation With Good Players, and Says Richmond Will Surely Capture the Pennant.

With the news that the House of Delegates yesterday morning voted to exempt base-ball and foot-ball contests from taxation in Virginia, 'Squire V. (Charley) Donati announced that a State association of base-ball clubs has been perfected, thus assuring the revival of the national game in Richmond this summer. The season will open not later than May 1st, and will continue without cessation until cold weather interferes with the play.

'Squire Donati, who will doubtless be elected president of the league at a meeting to be held in the near future, says that the association will be composed of four cities, with five towns candidates for franchises. Richmond, Petersburg and Newport News will certainly be in the league, but whether Norfolk or Manchester will hold the fourth franchise is yet a question. Both cities are making efforts to land the coveted membership, and at present chances are about even.

A LEAGUE MEETING.

A league meeting will be held probably

with this idea in view he has located a park closer in the city. It will be situated within a few minutes walk of the center of town, being near the Casino. Here, an excellent piece of land for base-ball playing has been leased by the manager, and within the next few days he will undertake the necessary improvements. He promises to give the players the best diamond in the State, and assures the public that the grand stand and bleachers will far surpass the accommodations in other cities.

AS TO PETERSBURG. Manager Brookwell, of Petersburg, is confident that an all professional team will arouse the people of his town. He has decided to remodel the park and grounds and give the people a first class, winning aggregation.

Richmond has always been a successful ball town, and even amateurs have made money out of the game in this city. The people have displayed a willingness to turn out, and the grand stand and bleachers at Broad Street Park have often during the past few years been the scene of many exciting and well-patronized contests.

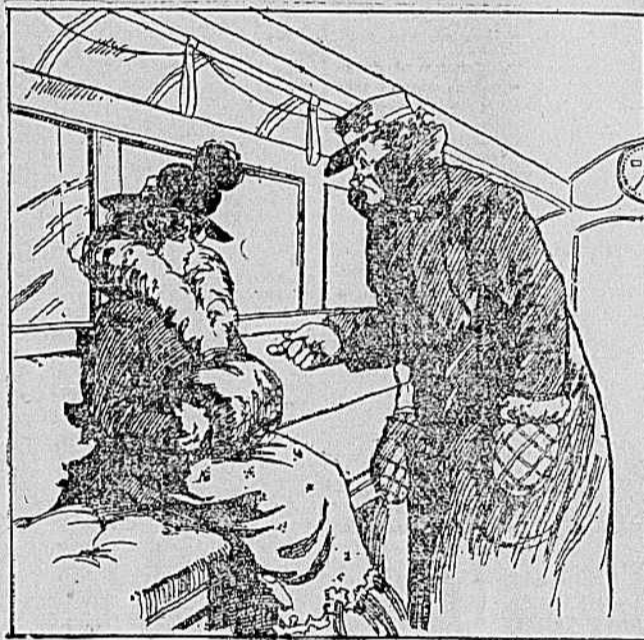

'Squire 'Charley' Donati says that he is perfectly willing to back a local, all professional, paid team, for he is sure that the public will give him their patronage. He is now negotiating with one or two well known players, and just as soon as the details of the new league have been completed, he will employ a manager for the local aggregation.

'It is my intention,' said the 'Squire,' 'to give Richmond the best nine in the association, and the folks may ramble upon getting away with the pennant. I will compel my manager to respect the salary limit, but I will have a team that understands the game. I am now negotiating with a couple of pitchers and several fielders, all of whom will probably be seen in a Richmond uniform this season.

## THE MARRIAGE OF MR. HERBERT WALDROP

Mr. Herbert F. Waldrop, the well-known young Brook-Avenue merchant, was married at 4 o'clock yesterday afternoon in Henderson, N. C., to Miss Edith Jennings, of Staunton.

Mr. and Mrs. Waldrop are expected

Can you find the old gentleman that paid her fare?

next week either at Petersburg or Newport News, when the applications of Norfolk and Manchester will be finally passed upon. Newport News is heartily in favor of granting the fourth franchise to Norfolk, while Richmond is somewhat inclined the same way. Petersburg is championing the cause of Manchester and will make a strong fight to land the team in the town over the river.

Those who have the interest of the league at heart are entirely impartial. They care little whether Norfolk or Manchester is taken in the league and will vote for the city that gives the most promising result from a money-making standpoint. Both cities have their good points, but Norfolk being much larger seems to give more promise. Then, too, by placing this city in the league, a more complete and nearly uniform circuit would be established.

The better and more complete the circuit, the better the schedule, is the argument that is being advanced. In this way railroad fares would be cut in half and a big saving recorded weekly, therefore, it looks very much as if the eastern end of the league will be composed of Newport News and Norfolk and the western by Richmond and Petersburg.

HAVE GOOD TEAMS.

Messrs. Brookwell and Denny, representing respectively Petersburg and Newport News, have been in conference with 'Squire Donati' for some time. As a result it has been determined to organize a State league, and with this idea in view the three gentlemen have agreed to put good teams in the field from their respective towns. Since then Manchester and Norfolk have been communicated with, and each is at present trying to land a position in the four-cornered association.

Messrs. Donati, Brookwell and Denny have, after mature deliberation and consideration, decided that a four-town association would prove a winner and re-establish in the State the old fondness for the national game. They are convinced that four clubs would make money, and that properly managed it would quit the season big winners.

The gentlemen have decided that the patrons of the game, the fans, are entitled to a first class article of ball, and accordingly it has been agreed that paid teams shall represent every city in the association. They were shown the Doudon statue of Washington, and in the Library building they saw the portraits of the many men who have made the State illustrious. They went into each of the offices of the State Department, and the questions they asked would have made Webster's Unabridged look pale.

NO FINANCIAL LOSS.

With this limit, it is figured that each team can get through the season without entailing any financial loss to those who put up the money, and at the same time a first class article of ball given the people. At any rate, it is intended to improve performances for the past few years.

The outlook for ball in Newport News this season is better than ever before in the history of the game in Virginia, and there seems little doubt but that a bright season is in front of a team in this city. Herebefore the patronage of the game in this city has been largely from the location of the ball park, which has been fully an hour's ride from the business portion of the town. This has held the patronage down considerably, and all teams have suffered more or less for want of support.

Mr. Denny, who will back the team this summer, will also act as manager. He is determined to make the same pay, and

to reach Richmond this morning. The above information was contained in a telegram sent by Mr. Waldrop last night to his manager.

The Times-Dispatch also received the following from La Crosse, Va.: Mr. Herbert Waldrop, one of Richmond's merchants, left La Crosse, Va., with Mrs. Edith Jennings, of Staunton, for Henderson, N. C., where they were married at 4 P. M.

Mr. Cease Convalescent.

Mr. G. M. Cease, the prominent liquor dealer, who was operated on at St. Luke's Hospital last Thursday by Dr. Stuart McGuire, is now convalescent.

## GOVERNOR IN THE CELEBRATION

They Spend Day and Night at Alexandria—Children Control the Capitol.

The Governor and six members of his staff spent yesterday in Alexandria, where they went to participate in the celebration there of Washington's birthday. Those who went with Mr. Montague were Colonel George C. Cabell, chief of staff; Colonel John S. Harwood, Colonel Mann S. Valentine, Colonel Henry M. Lewis, of Charlottesville; Colonel L. W. Lane, Jr., of Williamsburg; and Colonel R. H. Harper, of Leesburg. The Anderson Light Infantry, of Richmond, a part of the Seventieth Regiment, was escort of the Governor and his party. Captain Thompson was the officer in charge. His Excellency will not be back until this morning.

State offices were closed yesterday on account of the legal holiday. Executive Clerk Bigler was at his desk in the Governor's office for some time, having returned from Roanoke city, where he spent several days, greatly to his own enjoyment.

Many kindergarten children visited the Capitol and Library during the day, in charge of their teachers, and a happier company than these little people were never seen. They were shown the Doudon statue of Washington, and in the Library building they saw the portraits of the many men who have made the State illustrious. They went into each of the offices of the State Department, and the questions they asked would have made Webster's Unabridged look pale.

Commissioner of Agriculture Kotner was at his office for several hours. He has not yet decided when he will call another meeting of the St. Louis Exposition Commissioners. Mr. G. E. Murrell, the chief clerk of the board, is now in St. Louis, where he is looking over the situation from that standpoint. He will find out what space will be assigned to Virginia. He will be back shortly, so as to lose no more time than necessary from the Legislature.

## THE UNION IN TROUBLE

Vexed Question Has Not Yet Been Disposed of.

### ACTION OF THE CLERICUS

Tended to Undo What Has Been Done The Conservatives Are in Control of the Committee Named.

The Ministerial Union of Richmond is up against it again hard and strong. Apparently a satisfactory issue was reached at the end of the recent troublesome times, but this issue is turning out to be something entirely different from what was expected, and there are more troublesome times in sight.

HAVE A MAJORITY.

The apparent victory of those who wished to have the sessions of the union opened to the discussion of various subjects, commonly known as "live topics," "current events" and so on, turns out to be no victory at all. Though they were voted down in the general meeting, the conservatives who wished the doors closed to all such discussions have practically a control of the situation. As will be recalled, the provision was made for a Business Committee, to which was to be referred all topics proposed for consideration by the general body. If this committee reported favorably on any matter it would be admitted, otherwise it would not.

The members on the committee were appointed by the several denominational meetings, and it develops that of the four already appointed three are conservatives—R. P. Kerr, for the Presbyterians; the Rev. Carey E. Morgan, for the Christians; and Dr. C. S. Gardner for the Baptists.

The fourth member is the Rev. W. B. Beauchamp, for the Methodists, who is in line with those who wish the union opened for legitimate discussion. But his side yesterday that the conservatives had a majority and he expressed the belief that no subject whatsoever would ever get by that committee.

ACTION OF THE CLERICUS.

But yesterday from this, however, is the action of the Episcopal Clericus yesterday, which action gives a new twist to the situation. For a long time the clerics were unable to decide whether or not it should take any step at all. But few of its members have been attending the meetings of the union, and as a body it hardly felt in the position to act. Finally, however, after a very lengthy discussion, the following resolution was adopted by a vote of 12 to 3:

"Resolved, That the clerics will appoint a member for the Business Committee of the Ministerial Union, provided that no question for discussion shall be considered in the union until it has been referred to it by the expressed consent of every member of the committee.

"We feel that every denomination should be in a position to protect itself," declared a member of the clerics afterwards. And that is all he would say about the matter.

BEGIN ALL OVER AGAIN.

The action of the clerics practically puts the union back where it was at first and destroys the work accomplished as a result of the long and animated discussion at the last meeting.

The Kerr resolution was reconsidered, because it provided for unanimous vote in the union before any matter not strictly denominational could be introduced. But it is just as hard to get a unanimous vote in the committee, one man may block everything, and then the union is just where it was at the beginning. When the resolution from the clerics is laid before the body there will probably be just such another discussion as was had before.

The result is freely predicted by many. It has already been demonstrated that a majority of those in the union are against the "unanimous vote" idea, and they will probably vote that way again. The clerics will not come in on any other consideration, and therefore the clerics will stay out.

It will certainly result in the withdrawal of the Episcopalians if they persist in the stand they have taken," said a Presbyterian minister yesterday. "What the Alexander volunteers to run a small boat and search for help. Forty-eight hours after leaving the collar they were
